Why Guaranteed Taxi Hire Vehicle Insurance?

Having an accident or a vehicle stolen can be stressful enough without the inconvenience of being off the road whilst it's being repaired or replaced. Our Guaranteed Taxi Hire Vehicle Insurance will ensure you stay on the road when this happens.

A replacement private hire vehicle or City of London Public Hire Hackney will be provided for up to 28 days if your own vehicle is stolen or is rendered undrivable following a road traffic accident, fire, theft, attempted theft, theft of parts or malicious damage. This could be whilst repairs are being completed or until you receive settlement of your pre-accident valuation.

The replacement vehicle is normally provided within 48 hours of the incident being reported and includes free collection and delivery, resulting in the minimum of disruption to you.

We offer three replacement vehicle types to best suit your requirements;

Standard Taxi

Prestige Taxi

City of London Public Hire Hackney
