Why Choose Taxi Club?

Having an accident or a vehicle stolen can be stressful enough without the inconvenience of being off the road whilst it's being repaired or replaced and on top of that worrying how you will pay your insurance excess.

Our Taxi Club Combined Motor Legal Expenses Insurance is focused on delivering a first class claims service combined with a guaranteed private hire vehicle or City of London Public Hire Hackney for up to 28 days following a fault accident, fire, theft, attempted theft, theft of parts or malicious damage to your vehicle during the period of cover. In addition, any excess payable to your motor insurer will be reimbursed to you following settlement of your main motor insurance claim.*

We offer a 24-7 accident reporting line and our claims handlers are focused on providing the most appropriate solution for your needs. They will work with you to ensure claims are handled as efficiently as possible.

The policy includes motor legal expenses with a £100,000 limit of indemnity per claim and provides recovery of your uninsured losses arising from a non-fault accident.

These include:-

- Replacement Vehicle Costs
- Loss of Use
- Out of Pocket Expenses
- Policy Excess
- Personal Injury Compensation
- Damage to Personal Effects
- Loss of Earnings
- Vehicle Repair Costs
